INTEGRATED OLX OVERLAYS

The OLX Integrated Touch Overlays bring a multi-touch solution to the a large array of commercial large screen monitors, including: LG, NEC, SAMSUNG, SONY, SHARP and more!

Because the OLX is an overlay, it does not compromise the monitor construction, allowing all warranties to continue to be valid.

- 32" to 82" LCD displays overlays
- Muti-Touch Optical touch screen available
- Rugged steel structure
- Protection of monitor from public abuse
- Dealers can integrate themselves or purchase integrated solution
- One-Piece look and feel

The OLX Series Overlays are made of rugged steel construction, ideal for public exposure. The standard cover is made of 18 gauge steel with a black powder coat finish for all offered display overlays from 32" to 82".

Make your OLX System fit your business or custom application. Choose from a wide variety of materials, finishes and color options. We will customize your interactive touch overlay to perfectly suit your business requirements.

ALL MAJOR BRANDS SUPPORTED

• All-In-One Digital Signage Touchscreen Display

Each Overlay is designed for a specific brand and model which unlike the typical "one-size-fits-all", the OLX provides a fully integrated look and feel that will resist and endure public use for many years to come.

With over 20 years of experience, we offer an overlay that provides unique features and robust design elements which will provide a durable solution.

Use your own computer/network system to power the unit. The multi-touch sensor is compatible with PC and Mac platforms.
Supported Brands: LG, NEC, SAMSUNG, SONY, SHARP and more...

Interactive ANYWHERE ...
