- Sealed keyboard, space for printers, and card swipes, etc...

PKI-3200

PKI-1900

PKI-4200

PKI-1900

The PKI Series from PanelWorx is a family of medium to large screen LCD monitors with integrated touch screens designed for all types of operation. With over 20 years of experience, the PKI Series incorporates unique features and robust design elements providing a durable solution suitable for high traffic public applications.

In addition, with the lockable computer box at the bottom, customers can incorporate their own computer, media player, video game console, or any other system designed to their specific business needs. We also offer the optional Computer DPX.
